Appealing bathroom design

TitanCeram, the innovative material for extraordinarily precise forms. Find out more on page 116.

The name Villeroy & Boch is a promise. A promise of products whose outstanding quality is evident at first glance. This is because they meet the highest requirements of material and aesthetics in every single detail. Shaped by a deeply rooted culture of innovation, Villeroy & Boch regularly transforms visions into reality. After all, the more than 265-year company history stands for unparalleled experience and skill.

Quality and performance from the very beginning

These are reflected both in the selection of high-quality materials and in the last critical glance of our experts. In impact and scratch-resistant ceramics that are outstanding on the strength of their durability, ease of care and excellent hygiene properties. In furniture that has characteristically high quality surface structures and colour plus beautifully sealed edges and corners. And in material innovations such as TitanCeram or Quaryl®, which open up completely new possibilities as far as form is concerned. Paired with state-of-the-art manufacturing methods, we create products that will be a tremendous source of delight from day one, and that will continue to delight for a long time to come.

Sophisticated elegance in a contemporary style

HOMMAGE bathroom collection LA FLEUR tap fittings programme BIANCONERO tiles

HOMMAGE

Paying tribute to a great age

Inspired by the early years of the 20th century, the collection brings together the timeless design elements of a great age: striking forms and stepped reliefs on all the ceramics. With washbasin countertops made of premium Carrara marble, combined with real-wood furniture in the colour walnut and fine ceramic knobs, Hommage offers fascinating quality that meets even the highest standards. Washbasin countertops made of black marble in combination with furniture in White Matt Lacquer and the smoothly ground washbasins introduce new, luxurious highlights.

LA BELLE

A new sensuality

Elegance is more than just beauty. It is also the portrayal of timeless sensuality. La Belle tempts with its elegantly curved lines: it's all that dreams are made of – in a bathroom full of sensuous details, such as the floral La Rose décor. This harmonious interaction forms the soul of the collection and creates an unusually striking design. The La Belle furniture is not only extremely attractive, it also impresses with its very high standard of workmanship and generously designed interior. This is complemented by the comfortable Quaryl® bath, the free-standing model makes an especially extravagant statement.

SENTIQUE

Understated elegance

SENTIQUE bathroom collection JUST tap fittings programme MOONLIGHT + NATURE SIDE tiles

Modern style. Timeless design. Sentique has impressively straight lines that combine with discreet curves to achieve perfect balance. Added elegance: a faceted edge features on all the ceramic elements. The furniture in Glossy White, Terra Matt and Elm Impreso meets the highest design and material requirements and offers generous storage space. Solid materials and high-quality workmanship ensure that Sentique is made to last.

AMADEA

True elegance is timeless

With an especially elegant basic form and decorative yet sleek ceramic contouring, Amadea lends a new lease of life to the historical models that inspired the collection. In addition to the pedestal washbasin that can be fitted in a free-standing position, the collection now also includes a ground washbasin: combined with a high-quality washbasin countertop, the new “*pièce de résistance*” meets the highest aesthetic standards in the bathroom.

AVEO NEW GENERATION

A modern interpretation of natural aesthetics

Distinctive forms with contemporary flair: originally designed by Conran & Partners exclusively for Villeroy & Boch, Aveo New Generation offers light, delicate washbasins and furniture in a natural look. The curved fronts harmoniously complement the oval form of the ceramics. Real wood veneer such as Dark Oak and Pure Oak plus the Glossy White Lacquer finish emphasise the high-class design. The collection can also be combined with selected surface-mounted washbasins from the My Nature or Loop & Friends collections.

MY NATURE

Designing a new lightness

The My Nature collection interprets the desire for simplicity in a modern way. The flowing lines of the high-quality ceramics create an exquisite minimalism with a visual appeal that promises true relaxation.

villeroyboch.com/mynature

Urban bathroom design

Every product in the My Nature collection demonstrates a sensuous lightness and natural vitality: the soft curving shape of the baths, supported by a premium wood frame, creates a modern ambience in the bathroom. The Castanea décor that feels pleasant to the touch can be used to add a special aesthetic highlight to the elegant washbasins. A beautifully harmonious design that won the Red Dot Design Award in 2011.

Water as a source of well-being

Taking regular baths provides a comforting feeling of weightlessness and takes the strain off joints, ligaments and the spine. You'll soon feel any pain easing, particularly after exercising or if you suffer from problems with your joints.

The comfortable warm massage relaxes body and soul

Massage and warmth help to relax the muscles and release tension. They stimulate the circulation, boost the immune system and improve the metabolism, and this keeps the tissue and skin supple.

Taking a little time out from everyday life

A whirlpool is just the ticket if you want to switch off and forget the stresses of everyday life. The warm water has a calming effect that allows all your senses to wind down, ensuring healthy and relaxing sleep. Transform your bathroom into your own personal refuge and recharge your batteries for the next day – in a Villeroy & Boch whirlpool.

Whirlpool systems

As much comfort as you want: each of the three whirlpool systems is available with different comfort features.

Air jets in the base of the bath

AirPool

The air system for an invigorating massage. In the AirPool, air is injected into the bath through special jets and dispersed as fine bubbles. These air jets are located in the base and ensure a stimulating massage. The pipes to the base jets are blown dry after use.

AirPool Entry-Level

AirPool Comfort

Water jets in the sides of the bath

HydroPool

The water system for targeted body massage. Water is extracted and pumped back into the bath through water jets. The HydroPool massage jet stimulates the muscles and local metabolism. Residual water is drained away.

HydroPool Entry-Level

HydroPool Comfort

Air jets in the base and water jets in the sides of the bath

CombiPool

The combination of AirPool and HydroPool offers the best of both worlds: air jets in the base of the bath and water jets, depending on the model, in the back, at the sides and/or in the foot area. The jets can also be adjusted and used separately, for an all-round body massage that gently eases tensions and stimulates the circulation. The CombiPool is also used for hydrotherapy. Residual water is drained away and the base jets blown dry.

AirPool Entry-Level

Relaxing bathing pleasure

The AirPool Entry-Level is the optimum model for everyone wanting greater relaxation in their own bathroom. Ten jets arranged in an even pattern on the base of the bath offer an invigorating and stimulating massage and effectively release tight muscles.

HydroPool Entry-Level

Relaxation for your back

With the HydroPool Entry-Level, you can give your back a treat whenever you want – and at good value for money. The ergonomically-arranged jets massage the upper and lower back, as well as the shoulders, ensuring a feeling of complete relaxation.

CombiPool Entry-Level

Moments of enjoyment in your own bathroom

The CombiPool combines all the advantages of the AirPool and the HydroPool in a premium system for a full body massage. The CombiPool Entry-Level offers an indulgent, relaxing massage thanks to dynamic air jets from the base of the bath and a powerful water-air massage for the back. A unique pleasure that, thanks to the stylish design of the jets, also leaves a lasting impression on the eye.

SQUARO Quarryl® bath with AirPool Entry-Level system

Efficient massage effect and atmospheric lighting

The standard equipment in our Entry-Level whirlpool systems includes intermittent massage and LED underwater lighting. The pleasant sensory stimulation ensures long-lasting massage enjoyment and an intense bathing experience and the energy-saving lighting in clear, white light creates a pleasant, feel-good atmosphere.

AirPool Comfort

Tingling and as quiet as a whisper

The fine air bubbles in the AirPool Comfort act rather like a gentle peel for the skin. The 10 quiet Whisper jets promote calm and relaxation and, thanks to their flat design, offer maximum sitting and lying comfort. In the Quarryl® models, the jets are flush-mounted ensuring perfect aesthetics.

HydroPool Comfort

Pampered from head to toe

Thanks to its beneficial back and side massage, the HydroPool Comfort is the ideal place to unwind. A total of 18 jets stimulate the whole body, from the shoulders to the feet. The side jets are manually adjustable and closable and can be rotated by almost 360° - for an individual massage tailored exactly to personal preferences and requirements.

CombiPool Comfort

Ultra-quiet chillaxing

Enjoy the stimulating full-body massage of the quiet CombiPool Comfort and allow your body and mind to chillax in the wonderful atmosphere created by the colourful light of your choice. The intense massage provided by 10 base, 8 side, 8 back and 2 feet jets relaxes the muscles and nerves, stimulates the circulation and releases tension. The gentle exfoliating effect has long-term benefits for the skin.

Silent wellness pleasure and colourful light

All Comfort Pool variants and the CombiPool Active meet sound-insulation requirements in compliance with DIN 4109 as tested at the Fraunhofer Institut and, thanks to Whisper technology, are amongst the quietest available on the market. Ideal for switching off and relaxing after a loud and hectic working day.

The individually controllable light in various colours has a proven positive effect on body and soul.

CombiPool Invisible

Your personal pampering programme

The CombiPool Invisible is a whirlpool and designer object in one. All but invisible, its jets become an integral part of the bath as a whole, ensuring visual harmony. The unique Smart Control is particularly convenient and can be used to adjust the various features.

Efficient massage effect

The efficient, intermittent massage creates a pleasant, pulsating sensation when it comes into contact with the body. Ideal for those who, after regular exercise, want to relax, effectively reduce muscular tension and prevent aches and pains.

Invisible wellness pleasure

InvisibleJets are standard in both the acrylic and the Quarryl® versions. In the Quarryl® version, they are integrated completely flush in the bath.

Futurion Flat

Concentrating on the essentials

The Futurion Flat shower trays can be stylishly adapted to suit your bathroom. With their aesthetic, extra flat design, they are impressive whether placed flat onto the finished floor or with a tiled edge. The exclusive character and high functional value are largely thanks to Quaryl®, the innovative material from Villeroy & Boch.

Vivia

The comfort I deserve

The luxuriously equipped Vivia shower incorporates many hidden features. Particularly convenient: the shower panel conceals storage space for a towel and other shower utensils. Different shower features, such as the rain shower or waterfall outlet, enhance the showering experience so that the stresses of the day are simply washed away. And the comfortable, non-slip shower stool provides a safe place to sit.

VICONNECT

The clever connection

The new ViConnect product category complements the Villeroy & Boch ceramic toilets to perfection. Modern and timeless flush plates in an exclusive Villeroy & Boch design allow for personalised bathroom design. The glass variants in four premium colours are a real highlight and perfectly offset the Villeroy & Boch furniture finishes. The black glass flush plate is also optionally available with atmospheric LED light. The product category also comprises reliable dry-wall and brick-wall construction elements tailored to every building scenario.

INNOVATIONS

All signs point to progress

Since 1748, Villeroy & Boch has never stood still. It has always been committed to staying ahead of the market and to leading the way with its innovative strength. Numerous highly qualified specialists working in Research and Development at the company headquarters in Mettlach, as well as at its locations abroad, ensure that this continues. They employ state-of-the-art development and test equipment. Our innovations are designed to improve quality of life. Again and again, these include patented solutions that are only available from Villeroy & Boch. They reduce water consumption, facilitate cleaning, offer greater comfort and highlight our high design standard.

TITANCERAM

Ceramics from master craftsmen

Firmer. Finer. And perfectly formed. The future of bathroom ceramics begins now: Villeroy & Boch fuses natural raw materials such as feldspar, quartz, clay and titanium dioxide to create a novel material that combines the properties of high-quality ceramics with exceptional strength: TitanCeram. This enables impressively delicate forms with sharply defined edges that are very stable and robust at the same time. The first pioneering example is the premium Octagon washbasin, a masterpiece of precision and winner of the Good Design Award 2015 and iF Design Award 2016.

DirectFlush

The ultimate in hygiene

The new generation of rimless toilets satisfies the highest hygiene requirements and permits quick and easy cleaning. DirectFlush toilets ensure top flushing performance with minimum water consumption, so they are kind on the environment and your wallet, too! The best thing about it is thanks to their ever increasing number of models, the DirectFlush toilets are available for almost all current collections.

villeroyboch.com/directflush

THE ADVANTAGES OF THE NEW GENERATION OF TOILETS:

HYGIENE

- The inside of the bowl is flushed completely
- Precise, splash-free flow of water right up to the rim
- Simple care and immaculate cleaning thanks to the rimless design

EFFICIENCY

- Optimum water flow for maximum flushing effect
- Water-saving, with a flushing volume of only 3 or 4.5 l

DESIGN

- Attractive, timeless design
- More than 20 DirectFlush models available

ViFresh

Easy. Invisible. Fresh.

Easy and aesthetic toilet hygiene with a fresh fragrance: ViFresh, the innovative compartment for rim blocks. It is integrated almost invisibly in the ceramic behind the toilet seat and can be filled with commercial rim blocks or toilet gels, avoiding the need for physical contact with unhygienic areas of the toilet. As the water flow is no longer hindered by holders or baskets, ViFresh is also ideal for rimless toilets.

AntiBac

Lasting protection against bacteria

AntiBac is an innovative hygiene solution for the bathroom, which really reduces the risk of bacteria being transmitted. The new glaze contains silver ions and has been proven to reduce the growth of bacteria on ceramic surfaces and toilet seats by more than 99.9 %. In combination with CeramicPlus and the rimless DirectFlush toilets, AntiBac ensures maximum cleanliness and hygiene – for the entire product lifetime!

villeroyboch.com/antibac

CeramicPlus

Less cleaning - more time to enjoy life

For more than 15 years CeramicPlus, the dirt-repellent surface finish for ceramics, has been facilitating bathroom cleaning for millions of customers. The innovative finishing process ensures that surface water immediately forms droplets that simply flow off the surface, taking the dissolved dirt and limescale with them. And should any deposits remain, CeramicPlus is much easier to clean. Even dried limescale is easier to remove in an environmentally-friendly manner without the use of aggressive cleaning agents - a real advantage in the bathroom! Tested and confirmed by the wfk-Forschungsinstitut für Reinigungstechnologie.

villeroyboch.com/ceramicplus

Conventional ceramics

Flow properties of liquids on a conventional ceramic surface.

Dirt and limescale adhere more easily to conventional ceramics.

CeramicPlus

Liquids flow off more quickly with CeramicPlus; the ceramics stay cleaner.

With CeramicPlus, dirt is hardly able to gain a hold. For easy cleaning, even with dried on limescale.

SoftClosing

Thanks to special dampers integrated in the hinges, toilet seats with SoftClosing technology close gently and silently. This enhances comfort and prevents any noise or minor accidents caused by the cover slamming shut.

DualFlush

The DualFlush water-saving button enables you to choose between a large and a small flushing volume. Press the large button to trigger the conventional 6-litre flush and the small button for just 3 litres.

QuickRelease

WC seats with QuickRelease technology can be removed and replaced in a flash. This means that those areas of the toilet rim that are difficult to access can also be cleaned with ease. Reattaching the seat is just as easy.

AquaReduct

With this innovation, Villeroy & Boch has succeeded in reducing the standard flush from 6 to just 4.5 litres for a whole range of toilets. This means a saving of 1.5 litres of water per flush – yet with the same powerful flushing performance.

GreenGain

Saving water – good for you and the environment. Our efforts to develop particularly sustainable products have resulted in innovative water-saving technologies. They reduce consumption considerably and have set new standards. So you are being kind on both the environment and your wallet.

The GreenGain toilet from the Architectura collection is revolutionising water consumption. Thanks to an innovative water-distribution system with three inlets, it only needs 3.5 litres of water per flush. This corresponds to a saving of 40 %

compared with a conventional 6-litre toilet. With the additional water-saving button, consumption can be reduced even further to just two litres. The innovative toilet design guarantees excellent flushing performance, even with these low volumes of water.

EasyAccess

The Push & Pull siphon with receptacle

The EasyAccess siphon facilitates cleaning the outlet because, unlike the conventional siphon, it is easily accessible from above. Particularly practical: earrings or other jewellery accidentally dropped in the bowl are no longer lost as they land in an integrated receptacle that can be quickly removed from above without having to dismantle the pipe.

ViClean-L

Inspired by Nature

Inspired by Nature: because only Nature succeeds in striking a perfect balance between aesthetics and practicality with such ease. ViClean-L stands for the skilful symbiosis of toilet and bidet. The highest design and hygiene requirements for the room in which we long for a harmonious blend of function, purity and form. Thanks to the concealed electricity and water connections it blends perfectly into every environment and will become part of your personal space.

ViClean-U+

Beyond Technology

ViClean-U+ offers the perfect combination of toilet and bidet. Thanks to the new, concealed, integrated water and power connections, the clear-cut design of this premium shower toilet really comes to the fore. Numerous individual functions satisfy the highest demands in terms of comfort and hygiene and ensure a pleasant feeling of cleanliness that can only be achieved with modern cleansing with water. Discover consummate perfection: ViClean-U+.

Quaryl®

Nature perfected. The exclusive, innovative material from Villeroy & Boch sets standards in aesthetic bathroom design. Quaryl® combines the best properties of natural quartz with the versatility of high-quality acrylic resin. It is a refinement of nature – warm, smooth and offering clean design lines, solid and hard as crystal.

However, in a break from nature, form is not left to chance, rather it is in the hands of designers, and Quaryl® gives them completely free rein. This can be seen particularly well in the flat shower trays, which fit perfectly into the floor; in exclusive bath designs and in whirlpools with the flush-fitting InvisibleJets – massage jets which are almost invisible when not in use and only “pop up” when activated.

BATHROOM FURNITURE FROM VILLEROY & BOCH

Masterly craftsmanship

Working with high-quality materials calls for maximum care. The wood is meticulously air-dried. The grain, structures and also the surface colours are continuously monitored. Edges and corners are also sealed in accordance with the most stringent wet room criteria. The surface and interiors of all furniture items are completed by dedicated and skilled experts and every production stage is subject to continuing quality controls. You can count on that.

villeroyboch.com/furniture

Venticello

A clear design and modern look and feel – the furniture collection with minimalist lines and aesthetic lightness. Whether you prefer an elegant wood structure or trendy glass fronts, the furniture can be adapted to suit your own style and personalised with different handle colours. The decorative contrasts between light and shade on the scratch-resistant glass fronts are particularly stylish, as are the brilliant reflections.

Legato

Impressively sleek, the sophisticated details of this furniture programme only become apparent at second glance: for example the LED lighting beneath the washbasin countertop. Together with the bevelled edges, this creates the impression of lightness, as if the countertop were floating. Handle-free fronts complete the straight-lined look perfectly.

Hommage

Exquisite Hommage bathroom furniture is a testament to its origins. That's because every step is carried out with the most meticulous workmanship and passion. The washbasin countertops made of top quality marble and the ceramic knobs on the drawers demonstrate impeccable style down to the very last detail.

Aveo New Generation

Stylishly arched fronts and real-wood veneers emphasise the natural look of the premium furniture collection. Countertops in Glossy White Lacquer highlight the reduced design, whilst the elegant glass variants in Smokey Grey add an additional exclusive touch.

La Belle

The La Belle furniture features several coats of varnish, all applied by hand: the special sheen creates an enchanting effect in any bathroom. Other highlights in the collection include the elegant frame construction of the furniture fronts, as well as the velvet-like finish of the interior compartments inside the vanity units.

Memento

With the exclusive Bright Oak furniture surface, every touch becomes an experience. The highly individual real oak veneer with its rich texture creates exciting, haptic and visual contrasts to the glass surfaces and ceramics.
