

New V-Line Collection
Intelligent design from Villeroy & Boch

*A product line that
lives and breathes
design*

Sleek and unfussy with clear surfaces, elegant lines and sophisticated appeal: the V-Line collection truly lives up to its name - as a true revelation of modern design and excellent quality. Thanks to its numerous elements, the V-Line collection offers you everything you need to make your own modern bathroom design style a reality.

To create your personal oasis of well-being, we have a range of different washbasins to choose from, as well as perfectly coordinated furniture, basins, WC's and baths.

Less is so much more

Thanks to the no-handle push-to-open technology, the fronts of the V-Line units appear as smooth, streamlined surfaces. You have the choice here of which look you prefer – including various finish options available in matt and high-gloss versions.

All bathroom furniture units offer generous storage space and feature sophisticated accessories. This makes it simple to create a fusion of creative living and intelligent use of space that corresponds to your personal preferences.

*Elegant design,
classic style*

The V-Line Collection showcases clean lines: the slim outer edge, just 18 mm thick, gives the washbasin its wonderfully delicate appearance. On the inside, meanwhile, the 120mm deep, elegantly curved basin provides ample space for washing in comfort.

Its elongated shape with spacious surfaces to the left and right make the V-Line ceramics the perfect combination of design and function.

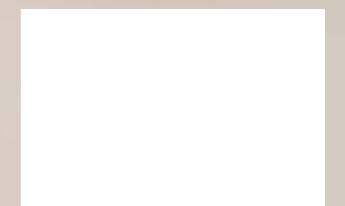

*Spoilt for choice
with, 5 sizes and
3 finishes*

With a choice of three modern finishes including Glossy White, Glossy Grey and the stunning wood effect, Oak Nebraska and five sizes including an extra large double basin option, you really are spoilt for choice.

All V-Line furniture finishes are designed to withstand the day to day uses of a busy family bathroom and to look great in years to come.

The new generation of WC's with DirectFlush

The innovative design of this WC, featuring no flushing rim, means that it is exceptionally quick to clean thoroughly and therefore ultra-hygienic.

The V-Line collection thus unites modern design style with superb functionality - for a bathroom without compromise.

Directflush from Villeroy & Boch ensures a powerful flush, thorough cleaning with minimal water usage.

Reflect on quality

The V-Line Collection includes a selection of illuminated mirror cabinets in popular sizes to suit all the V-Line basin and furniture options.

V-Line Collection mirror cabinets offer the perfect storage solution, with adjustable glass shelves, shaver socket, mirrored doors inside and out plus elegant low energy LED lighting.

V-Line mirrors offer crystal clear reflection with a faceted edge.

Villeroy & Boch

Toughness with strong design

The V-Line Collection baths are manufactured from the exclusive Quarryl® material, a combination of quartz and acrylic resin, producing a solid structure that retains heat, absorbs noise and can be cast into the most exquisite shapes.

The V-Line baths are available in all the popular sizes and they will add a touch of luxury to any new bathroom.

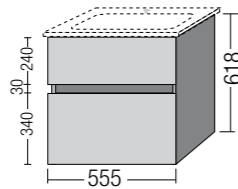

Perfect geometric lines and super flat surfaces make Quarryl® baths perfect for tiling up to, creating a perfectly flat seamless surface.
